ARCENTINA

Referring to the announced nuclear powerhlant in this city, Castro Madero said that if is decided to install a nuclear energy driven powerplant in the area. "we will have accommon and nonpolluting source of energy." He explained: "But that depends on plans of the energy secretariat."

Is also spoke of the future of a heavy water plant in Arroyito, Neuquen Province, regard
| 1.5 which he said that "the plans remain firm but there are problems of international

| 1.6 which he said that "the plans remain firm but there are problems of international

| 1.6 which is why that technology is being held back. So Argentina has taken the

| 1.6 position of installing a pilot plant at Atucha." He concluded by saying: "When Argentina is

| 1.1 position to define its industrial plan and has the technology, I believe it will be
| 1.1 position to define its industrial plan and has the technology.

Cistro Madero concluded by referring to Atucha II. Embalse Rio Tercero and other plans which are being drawn up, regarding which he said that he is "waiting for the final report from the energy secretariat, which has finished the first part." He asserted: "hat is, decisions have been made on the electrification network up to the year 1985 and the second stage, from that year until 2000, is being planned."
